325/17 Minutes of Last Meetings – The Minutes of the meeting held on the 8 February 2017 were **RESOLVED** to be a true record of the meeting subject to the following amendments to page 87 :

ADD Cllr Richardson as present.

REMOVE the words 'Cllr Bassett was absent from the meeting'.

The Minutes were signed by the Mayor.

326/17 Public Participation –

- **Members of the Public –**

Mr Buxton (Developer, PA16/10641, Church Park) addressed Members regarding local concerns and issues. Referred to the comments of support submitted in the Neighbourhood Plan informal consultation and the addendum recently submitted which the Town Council was consulted on. Also referred to the Town Council's previous comment and advised that legal advice had been taken and confirms that the Town Council can submit an additional changed comment. The Town Council was asked to respectfully support the proposal. Images relating to the landscape were circulated for Members information.

Cllr Pennington advised that a mistake had been made when submitting the previous comment in that the words 'not supported' had been included in the comment. Action to correct the comment was being taken.

7.08pm, Cllr Richardson arrived.

Helen Rawe addressed Members on the proposed development at Church Park. Some of the points noted included; would hope that any new development would be contained to the town side of the bypass and concerned with the impact to the current infrastructure. Referring to the proposed development at Bodieve the following was noted; protection needed for small rural areas such as Bodieve. The same concerns as for Church Park development apply, existing services are all struggling. Had thought that the site was allocated for mixed use purposes.

Cllr Pennington advised that the site is still emerging in the draft plan and that the forthcoming Regulation 14 consultation will allow the community to submit further comments.

Cllr Gill stated that development within the town will strangle it.

Andrew Hawkey addressed Members as both the representative of the Rugby Club and on a personal level advising that the Rugby Club support out of town development as it will avoid clogging up the town. As a personal opinion Mr Hawkey reminded Members of the history of the St Matthews Hill development which was originally out of town and has become a nice development and sensible as it doesn't clog the centre of town. The Rugby Club would ask that the Town Council support the local community and the application.

The Mayor reiterated the remit of the Regulation 14 consultation.

- **Reports from Cornwall Councillors –**

Cllr Knightley referred to the Boundary Commission's proposed reduction of Cornwall Councillors.

In relation to current controversial planning issues Cllr Knightley advised that he supports the proposed development at Ball Roundabout which has been included in the Neighbourhood Plan from the outset. Referring to the recent consultation Cllr Knightley advised that he considers it to be weighted by interested parties. Proposed development at Sladesbridge has 48 objections listed with only 4 listed for the Ball Roundabout site. The Neighbourhood Plan relies on evidence obtained from various consultations and the Sladesbridge site was not supported whereas the Ball Roundabout site was – a democratic decision was taken. Both applications are for outline consent and will be considered at the Cornwall Council Strategic Planning Committee meeting on Thursday (2 March 2017). Dependent on the outcome of the meeting full applications will then be submitted possibly with amendments based on comments received from councils – Cllr Knightley advised his decision will remain the same. Noted that the respective Planning Officers do not support either application. A toolkit is available which allows Officers to approve applications through use of conditions. In relation to future development Cllr Knightley referred to the Neighbourhood Plan not being relevant as the Government Inspector will make planning decisions if submitted applications continue to be not supported.

Sladesbridge proposal – discussion took place around the Town Council's meeting of 21 December 2016 where the application had been considered.

Cllr Pennington confirmed that the Town Council's Minutes (of 21 December 2016) show that there had been no vote to 'not support' the Sladesbridge proposal and that an error had been made when submitting comments to the planning portal.

Cllr Karen McHugh also referred to the Town Council meeting. Cllr McHugh advised she endorses Cllr Knightley's comments in that affordable housing is needed for Wadebridge and that one development at least is in need of approval. Reference was made to both the Bodieve and Sladesbridge sites – Sladesbridge proposal has merits and suggested that the support for it is looked at democratically and to encourage representation and feedback.

Cornwall Council budget – meeting held with a 4% rise in council tax being agreed. Cuts made by Central Government will affect various areas including a shortfall in social care.

Cabinet has approved the controversial Capital of Culture bid which Truro City Council is supporting. Further support to reduce the impact to tax payers is being sought. Cllr McHugh advised the bid refers to an increase in jobs and the economy but she remains sceptical.

PA16/02955, proposed development at land off Trevanion Road, Cllr McHugh advised an appeal hearing date of 10 April 2017 has been set and she would like to work with the Town Council to fight the appeal.

Minutes of meeting held 21 December 2017 – Cllr Pennington advised content of the Minutes in relation to the proposed development at Sladesbridge.

327/17 Planning –

a. **Applications** – It was **RESOLVED** to make the following responses to Cornwall Council:

- i. **PA16/10638** : Mr George Edward-Collins, Cornish Traditional Cottages, 3 Eddystone Court, Eddystone Road, Advertisement consent to display two fascia signs. **SUPPORTED.**
- ii. **PA17/01253** : The Charles Brekin Will Trust c/o G & I Chisholm Solicitors, Site Adjacent to 1 Riversdale, Polmorla Road, Construction of dwelling in former garden. **SUPPORTED.**

b. **Additional Comments** – The Mayor advised information regarding submission of additional comments in relation to recent ^{neighbourhood plan consultation} nhp consult. (copy attached).

- i. **EGLOSHAYLE PARISH - PA16/10641**: Mr Graham Fincham, Progress Land (Wadebridge) Ltd., Land North of Higher Church Park, Egloshayle, Application for Outline Consent for a mixed-use neighbourhood of Wadebridge, comprising : up to 600 dwellings; 0.5 Form Entry Primary School; Local Centre comprising up to 650m2 of A1 convenience retail use, up to 150m2 of A3 cafe use and up to 450m2 of D1 community space; up to 1,300m2 of B1 employment use; Cycle and car parking; open space and green infrastructure; sustainable drainage system; new primary and secondary accesses from the A389 and Treworder Lane; a network of streets and footways on the Application Site and associated development. **(Information previously circulated to Members via email).**

Cllr Pennington reminded Members of previous comments submitted and advised further information including current education issues. Suggestion to look at the benefits of the scheme at a strategic level.

Cllr Pennington advised information relating to Cllr Jeremy Varcoe, Egloshayle Parish Council's representative to the Steering Committee, who has a conflict of interest with the application due to a position held on the Camel Valley and Bodmin Moor Protection Society which is a lobby group who have listed the proposed development as a concern on their website. Concerns with integrity were raised and Cllr Pennington relayed advice from the Monitoring Officer in that Cllr Varcoe has a non-registerable interest and is therefore not permitted to make representation at the Strategic Planning Meeting on 2 March 2017.

The Mayor reminded Members that the draft plan is based on evidence obtained and that she trusts the integrity of the group. Additionally, the Steering Committee has not sanctioned Cllr Varcoe to speak on their behalf as yet and that the matter will be addressed at their meeting on 1 March 2017. Several comments were made in relation to the application including;

- Objections to proposed shared space.
- Concerns with current education issues.
- Impact to current infrastructure.

Cllr Buchanan advised her support for the application and proposed the application is supported.

Cllr Gill seconded.

The Town Clerk advised that Members should not be taking a vote on the application due to the depth of continued discussion and personal opinions which have been relayed at several meetings. Members would be better placed to submit comments relating to relevant information now available.

It was highlighted that the comment submitted after meeting held 21 December 2016 contains an error in that it includes the words 'Members did not support the application'. Minutes of the meeting record that a vote was taken with a proposed amendment to support the application but this vote, with amendment, fell. Members submitted comments but neither supported or objected to the application at that time.

The Town Clerk confirmed that the comment submitted can be amended to rectify the error.

Cllr Pennington referred to feedback received from the NHP informal consultation and suggested this is included in any further comment submitted. A query was raised as to why the Town Council should not now vote on the application at this point.

The Town Clerk advised Members that discussion around this application and the proposed development at Bodieve has been considerably more than that usually undertaken. It was advised that Members should be mindful of and not ignore guidelines around predetermination as some Members have openly presented their personal opinions on both proposals at recent meetings. Unless Members re-debate all aspects of the application, eg. technical reports etc., then they may be open to a predetermination challenge. The Town Clerk reminded Members that they have an option to choose not to take the advice given.

This advice was debated. The Town Clerk clarified that Cllr Varcoe is not permitted to speak on behalf of Wadebridge Town Council. Concerns were raised that the Steering Committee has submitted comments to the Planning Officer. The Mayor confirmed that the comment is information from the draft plan only and on behalf of the Steering Committee.

The Mayor advised that whilst the Steering Committee is reviewing the comments received from the informal consultation she will abstain from any vote undertaken by the Town Council.

Members debated the Steering Committee's Terms of Reference which do not include formal powers. It was queried why the Steering Committee had submitted a comment. The Mayor reminded Members that the agenda item does not relate to the Steering Committee's Terms of Reference.

Cllr Pennington suggested that further comments are submitted on the proviso that the 'not support' wording contained in the previous comment is removed.

The Town Clerk reminded Members that there was a proposal on the table. Cllr Buchanan thanked the Town Clerk for her advice and reiterated her proposal to support the application.

The legalities of taking a vote were queried. The Town Clerk reiterated her previous advice that Members may be open to a predetermination challenge if a vote is taken.

TO CORNWALL
COUNCIL

SUBJECT TO
MODIFICATIONS TO THE
ROAD/CROSSING PROPOSAL,
P. Starling
12. 4. 17

Proposal had been made by Cllr Buchanan to support the application and seconded by Cllr Gill.

- ***There were no votes in favour – the proposal fell.***

Cllr Pennington had circulated a proposed statement, relating to planning applications PA16/10942 and PA16/10641, for submission at the Strategic Planning Committee meeting on 2 March 2017. Members considered the content and noted that the Town Council should reflect relevant comments submitted via the Neighbourhood Plan informal consultation.

- It was **RESOLVED** to accept the comments as presented.
- It was **RESOLVED** to remove the words 'not support' from previous comment submitted on the planning portal.
- It was **RESOLVED** to submit the last two paragraphs from the statement to the Planning Officer for inclusion in the final report.

Cllr Knightley referred to the submission of declarations of interest by those involved with the neighbourhood plan. He advised that, as a past Chair, he was aware of interests having been declared.

331/17 Egloshayle, St. Breock and Wadebridge Neighbourhood Plan –

- Minutes of the NHP Steering Group on 22 February 2017 (tabled)* – Members debated concerns with the Steering Committee submitting comments relating to proposed development at both the Bodieve and Sladesbridge sites and additionally, representation by Cllr Varcoe at the Strategic Planning Committee meeting of 2 March 2017. The Mayor confirmed that representation had not yet been decided and that this matter was due to be discussed by the Steering Committee at their meeting the next day and that any comments submitted or representation made is in relation to the content of the draft plan as it currently stands and based on evidence obtained from the community. Members agreed that the Steering Committee should be aware of the Town Council's position and that Members have concerns regarding authority and with the draft plan not reflecting the current community opinion. The Mayor advised that the Steering Committee will be considering comments received at the meeting.

Cllr Rush voiced his concerns and disappointment that there is a lack of trust from several members of the Town Council in relation to the Steering Committee's work. This was discussed, some of the points raised included;

- Representatives to the Steering Committee have kept within their remit set and the draft plan reflects public opinion.
- Steering Committee authority was questioned – the Town Council should authorise any comment submitted.
- The Town Council needs assurance that comments submitted via a consultation are taken in account as they may result in a change to the content.

The Town Clerk reiterated that the Steering Committee submits comments as necessary based only on the content of the draft plan which is a community document therefore why would the Town Council not be supportive of that.

Cllr Tofi stated that he supports the Steering Committee but is aware that there have been occasions where information has not been fed back to respective councils and he feels that the Town Council should be aware of any comment submitted. Assurance is needed that the draft plan reflects public comments and opinion. The Mayor confirmed again that comments or statements submitted by the Steering Committee reflect the content of the draft plan which is based on comments received by the community. Any changes required as a result of a consultation will be made. Several Members felt that Councillors should be made aware of any comment agreed by the Steering Committee. The Town Clerk advised that, in the future, Steering Committee comments will be circulated to all Councillors for information purposes.

Notes of meeting held 22 February 2017 were **received**.

- ii. Comments received from the draft NHP informal public consultation (circulated prior to meeting) – The Mayor advised that the Steering Committee will be further discussing this information at their next meeting and details will be relayed to respective councils at the earliest opportunity. The Steering Committee is hoping to move forward to the Regulation 14 Consultation as soon as possible.
- iii. Local Green Space – The Mayor advised that a list of green spaces within Wadebridge is required for inclusion in the plan.

8.17pm, Cllr Tofi and Mr Dudman left the meeting.

The Senior Groundsman has been asked to complete an audit of suitable areas. Members to contact the Town Clerk if they have any suggestions.

8.19pm, Cllrs McHugh & Knightley and Mr Stanbury left the meeting.

Cllr Tofi returned.

The remit of a green space was briefly discussed.
